Statement for GIN Gliders BommerangX size XS

GIN Gliders BoomerangX in sizes X-small, have passed certification flights in the category D. Flight test was done at maximum and minimum weight 26 and 28 of June 2012.

BoomerangX passed load test up to 190 kg.

Flight test and load test is done according to EN926-2 & 926-1 also 2. DV LuftGerPV §1, Nr. 7 c (*called LTF standard*).

Since we have a delay of technical problem on our application, the test reports will be published as soon as possible.

Best regards,

Alain Zoller
(responsible of test)
